

## **CERTIFICATE COURSE: GANDHIAN ECONOMIC THOUGHT**

Gandhian economic Thought is based on the spiritual and socio-economic principles of Mahatma Gandhi. Even though Mahatma Gandhi was not an economist professional, he gave a unique set of economic ideas which are sharp in contrast against the traditional economics of the west. Gandhi's economic ideas also aim to promote spiritual development and harmony with a rejection of materialism. The term "Gandhian Economics" was coined by J. C. Kumarappa, a close supporter of Gandhi. In recent years Gandhian economics is refined and restates as a counter theory to western economics and it is claimed to be more suitable for building up a more peaceful and stable future.

### **COURSE OBJECTIVES**

- Enable the learners to understand and express difference between modern economics and Gandhi's economic thought
- Familiarize the learners with the basic concepts of Gandhi's economic thought
- Introduce the Gandhian solutions for a Sustainable Development path.
- Facilitate the learners to find out the possibility of the applicability of the Gandhian self-sufficient village economy as an alternative to present economy.
-
